Dear parents,

We would like your children to be able to learn well in the school. You can help your children to do so. The Rucksack programme teaches how this is done.

It costs nothing.

We speak various languages:

So you will be able to understand it all very well, even if you understand only a little German.

Join us!
We look forward to seeing you!

Your Rucksack team!

This is how it works:

- You meet other parents in the Rucksack group.
- Your teachers give you important information for the lessons.
- Your parents' coaches give you tips, exercises and lots of ideas for learning at home.
- You practise with your child in your family language. Your child learns from you.
- You are a good role model for your child.

Who can join in?

- families with children at a Rucksack school
- parents and children from any country

When and where do the parents meet?

- once a week
- 2 hours in the morning
- in your Rucksack school

Would you like to know more?

Ask your parents' coach!
